

Notice of 'The Creative Café' coming to Basingstoke.....

Basingstoke and Deane Borough Council in partnership with The University of Winchester are piloting a monthly event this coming autumn (from September to November) for creative practitioners around the Basingstoke and Deane borough. This will be an informal monthly event along the lines of Winchester's 'Café Culture' which will provide an opportunity to come out and meet professionals and other like-minded people in a relaxed setting. The focus will be on a guest speaker who'll present current local and national creative developments or issues, which are open to debate. This will also be an occasion to announce your upcoming projects, exhibitions or other news.

The Creative Café will be meeting upstairs at the Tonic Bar, London Road every last Thursday of the month (initially 24th September, 29th October and 26th November) at 6:30 for 7:00pm. If the pilot is successful the partners would hope to continue with the Creative Café in the New Year.

If you would like to receive an invitation to this free monthly event and sign up for e-mail updates to share information on what's happening in the creative community, please contact:

Ceri Adams at ceri.adams@basingstoke.gov.uk

Also attached is an invitation for you to forward to those creative practitioners who you think would like to join us.
